Description

CEP-GPSK5-1 Universal General Purpose Spill Kit (5 Gallon)

Introducing the Universal General Purpose Spill Kit - the ultimate solution for disaster preparedness. This spill kit is designed to handle any and all situations that may arise, making it an essential addition to your emergency kit. With the finest quality products for oil-only or universal spill control, this kit is fully customizable to meet your specific needs. The Universal General Purpose Spill Kit comes in a 5-gallon plastic pail with a lid, making it easy to store and transport. The kit includes 10 universal sorbent pads, 2 sorbent socks, 1 pair of goggles, 1 pair of gloves, and 1 disposable bag. These high-quality products are designed to quickly and effectively absorb any spills, minimizing damage and reducing the risk of accidents.
