

RED WING STYLE #3239 MEN'S PETROKING 8-INCH BOOT

EH ELECTRICAL HAZARD

NT NON-METALLIC TOE

PR PUNCTURE RESISTANT

WATERPROOF

Extremely lightweight and flexible, this puncture-resistant work boot with electrical hazard protection redefines how comfortable the heaviest-duty safety footwear can be. Advanced materials and innovative safety features keep you protected and productive in the demanding environments common to the energy industry. The waterproof Nubuck leather upper, non-metallic safety toe and ForceGuard™ system surround the feet with the ultimate in protection from abrasions, heat, static, chemicals and wet conditions. Underneath, the TredMax rubber sole provides best-in-class slip and heat resistance. Manufactured in Italy and meets or exceeds EN ISO and ASTM safety standards.
